OBJECTIVE

Computer science engineering major seeking an internship or co-op where the focus is on software, team projects, and problem-solving skills. Available starting May 2020; and would prefer to stay local.

PROFESSIONAL SUMMARY

Current student at The Ohio State University, Involved in both Computer Science, and club golf (Spring Semester). Completed the 10-hour General Industry Safety and Health training from OSHA, with a certificate.

EXPERIENCE

Summer Help (May 2019 – August 2019)

MCTV – Massillon, OH

Skills in this job included landscaping, team-oriented work and time management.

Co-Op Trainee (July 2017 – May 2018)

The Timken Company – North Canton, OH

Skills used in this job included basic operation of a Rotary, Lathe, and a Vertical Milling Machine. This led to being better at skills involving math, precision, and focus. Work here was very team-oriented.
